Subject	CWRU Engineering Design Team Request for a Meeting

Dear Mr. Flores and Ms. Leon,

Thank you very much for generously sharing your time with us for our need-finding interview on September 7th! It was very helpful for us to understand more about the problem and its context from our conversation.

Since then, we have been working to identify needs, requirements, and features based on our discussion.

We have also identified three potential solutions. We would like to discuss these ideas with you and hear your feedback. To stay on track with our course, we must complete this interview before September 28th.

Would you be available for a one-hour Zoom call after 5:00pm either the 21st, 23rd, or 25th?

Please respond by the 21st, to share your availability for a one-hour meeting.

Once you select a time, I will again follow up and send a Zoom link for our meeting. After we meet, we will send you a copy of the slides we present.

Many thanks again for your time and for helping us with our project. We look forward to seeing you again soon.

Sincerely,

Lucas Benson, Zachary Blue, and Aedan Reagans
